EXTRA CARRICULAR ACTIVITIES

SMART CLASSES

TACS's special smart classes provide students in depth knowledge on the subjects, with the help of teachers they learn and understand the topics.

TACS SCOUTS & GUIDES

TACS scout and guide follows the rules of The Bharat Scouts and Guides, which is a voluntary, non-political, educational movement for young people, open to all without distinction of origin, Race or creed, in accordance with the purpose, principles and method conceived by the Founder Lord Baden Powell in 1907.

Activities include:

- Adventure – trekking, camping, hiking, mountaineering and mapping, woodcraft signs, cooking, cycling
- Intelligence – Compass, signaling and scouts / guide knowledge.
- Handicraft – rope craft, paper craft and nature craft.
- Character prayer – law, promise flags, salute left shake hand, motto etc.
- Service – social service, community service , first aid , pioneering, prayer meetings
- Health – health rules, outdoor living and yoga.

The various stages of advancement in the entire programme offered in Scouting / Guiding are:-

Pravesh # Pratham Sopan # Dwitiya Sopan # Tritiya Sopan # Rajya Puraskar # Rashtrapati Award

Tests are held at every stage and a proficiency badge / certificate is earned to move to next level. Scouts and Guides is a group which trains children to face the challenges in life. Scouts group is generally for the boys of High school and guides for the high school girls. Annual scouts and guide camps are held where in students go outside the school and learn to give in a group getting accustomed to the prevailing environment. They learn co-operation , camaraderie , group dynamics , sportsmanship and some life skills to live peacefully in any situation. Camp fires and living in tents add up to their fun.

SCIENCE LABRATORIES

A scientific temperament is nurtured through fully equipped and suitably composite laboratory for Students are encouraged to use the facilities for enhancing their innovative and scientific skills.

STEM EDUCATION

Exposure to Robotics helps the students to learn STEM (Science, Technology, Engineering & Mathematics) subjects better.

This programme instills hands-on engineering concepts at a very young age, providing a fun and practical approach to modern education. It also helps to develop skills such as logical thinking and spatial reasoning.

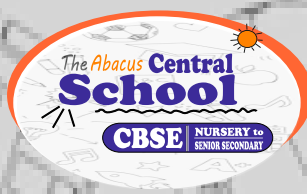

Our Robotics programme is embedded in the Timetable for all students from Grades II to VII

DELTA STEP

This is a technology-based interactive, adaptive and highly personalized learning platform that uses technology to enable students to learn anytime, anywhere at their own pace and in their own style. This facility combines the best of worlds, classroom learning and self-study, and is available for all the students of Grades 6-8.

Our PE teacher accredited by many sporting bodies to conduct quality assured physical education program. Our weekly sporting time is a great way for students to train for the respective game, learn new sports and have fun whilst being active indoor, as well as outdoor sports and innovating students' skill.

In TACS we believe that student's mental and physical health is very important. To ensure that our students are mentally and physically fit we have classes on **Karate, Yoga and Meditation**
